### RETURN REASON:

### NOTE:

- We will repair your item for free if it is under the one-year warranty. We do not take responsibility if the item has been damaged from accidents, misuse, or from any other service/alteration made by any other party than Canada Leathers Ltd.
- If the item was received damaged at the time of purchase, we will cover shipping and exchange the item at not cost.
- If there is no warranty, we can still repair your item. The minimum repair fee is \$65 plus applicable taxes. This fee does not include return shipping cost. Complex repairs such as new lining, rebuilding a bag and such would need to be assessed by our team first before we can give you a quote for the repair costs.
- Once the parcel has reached our department, we will email you a link that allows you to pay the repair fee as well as return shipping. Please allow 3-5 weeks for repairs.
